Bandera, IGACOS, Phil.

### SUMMARY

An experienced software developer working on enterprise or government-related systems.

### EDUCATION

**Bachelor of Science in Information  
Technology**  
University of Mindanao  
2014

### PROFESSIONAL EXPERIENCE

#### Computer Programmer

City Government of Samal | 2022 – present

Design and improve internal electronic software systems to streamline and support efficient government transactions.

- Designed and implemented an Electronic Procurement and Inventory System that simplify the entire procurement lifecycle—from requisition to inventory management—while generating analytical reports to track actual expenses against the annual procurement plan.
- Develop a check printing system for the City Treasurer's Office, enabling automated check printing and generation of monthly expenditure statements.
- Implemented an electronic remittance system that organized tracking of employee benefit deductions and ensured timely remittances to government agencies.

### TECHNICAL SKILLS

C# Entity Framework WinForms  
C# Asp.Net Core  
MSSQL  
GitHub Desktop

### ACHIEVEMENTS

**CSC Professional Passer**  
Civil Service Commission  
August 2023

### SEMINARS AND TRAININGS

**AI Prompts 101**  
DICT- Agusan Del Sur

#### Software Technical Support

ECPAC Systems Corporation, Davao City | 2014 – 2022

- Deliver comprehensive on-site and remote technical support to ensure uninterrupted system operations.
- Analyze, diagnose, and resolve software issues and program concerns efficiently.
- Perform regular software maintenance, implement updates, and manage version control to maintain system reliability.
- Coordinate and oversee the technical team to optimize workflow and ensure timely resolution of tasks.
- Prepare and present detailed operational reports, documenting performance metrics, issues addressed, and process improvements.
